**README.md**

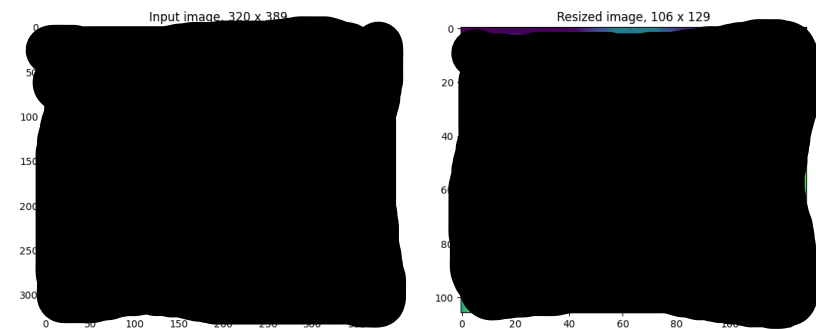

version 0.0.7

**Model architecture diagram**For any questions/problems relating to gitlab please email [ces-faults@essex.ac.uk](mailto:ces-faults@essex.ac.uk)

# Revised

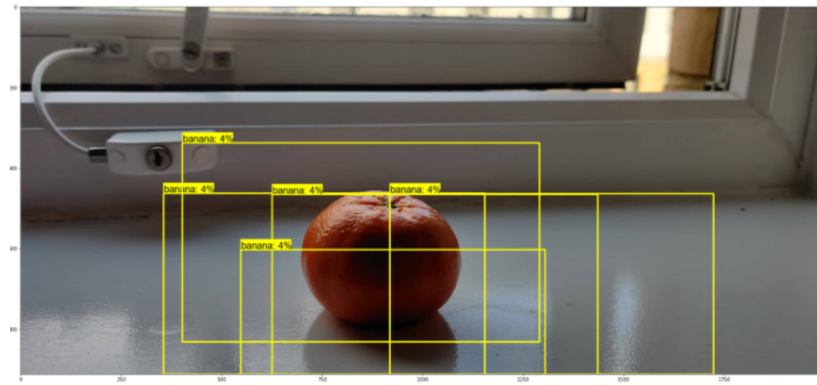

High level overview of how I intend on implementing my model

**Image preprocessing**

To train a model to upscale, a dataset can be made from downsampling high-res images

**Challenge week**For any questions/problems relating to gitlab please email [ces-faults@essex.ac.uk](mailto:ces-faults@essex.ac.uk)

Progress after week 2 (v0.0.1)
